## Create your own Corporate University:: Anytime from Anywhere with LMS On.Demand...

Deliver training in a rich, interactive learning environment where class materials, exercises, and discussions occur much as they would in a face-to-face class - but free from time or space limitations. Learners and instructors join in discussions and participate in class activities on their own schedules at their convenience. Post pages for others to see and discuss. Chat with others in real-time who are online. It's all possible with Web e-Learning Network.

### Looking for an easy way to get your online training into the hands of the right people?

If so, then the WebLearning On.Demand Learning Management System (LMS) Portal is the solution for you! WebLearning On.Demand LMS Portal provides you with your own private-label, secure website that gives you all the power to organise, manage, and distribute your online training and presentations with none of the IT hassles! This turnkey, web-based LMS solution takes the headache out of managing your online training and lets you focus on what moves your business forward getting information into the hands of your employees, partners, and customers.

### WebLearning LMS On.Demand Portal instantly gives you the power to:

- Store any kind of content: from WebLearning training and presentations to Word, Excel, PDF files, and web hyperlinks.
- Manage where, what, when, and how your content is viewed.
- Customise your Portal site to reflect your own corporate look and feel
- Track performance and results with a powerful reporting engine that also allows you to download data for use in external reporting tools such as Crystal Reports.
- Extended access through familiar desktop tools.

### Learning Management Made Easy

Simply post your training, presentations, and other files to your Portal site and automatically share them with a small group, the whole company, or the world. Then use the LMS's full reporting capabilities to see usage statistics, survey responses, user activity, and much more.

With its ease of use and flexibility, WebLearning LMS On.Demand is the perfect solution for:

- Employee training
- Channel partner training
- Sales training
- HR communications
- Collaborate in real-time with Web Conferencing and Instant Messaging
- Product demonstrations
- Compliance training
- Dynamic marketing collateral
- Customer surveys
- Compliance training

Furthermore, you have complete control over who can access what training and reports, and when they can access them.

### **A Complete LMS Solution:**

To make managing your online-training programs even easier, WebLearning also offers a fully-integrated authoring tool: WebLearning Publisher.

If you can use PowerPoint, then you can use WebLearning Publisher. And with Publisher, you can easily create and publish your online training and presentation directly to the Learning Management System. You don't have to worry with any compatibility issues, bother formatting your files, or verifying any of your content. The WebLearning solution handles all that for you.

### **The Bottom Line:**

Your business success depends upon effective communication that can be delivered when and where it is needed most and at a cost-effective price as well.

WebLearning can help you succeed by providing an online training and LMS solution that gives you the power to meet the demands of your business communication needs.

Before using WebLearning, take a Quick look at the [WebLearning eLearning demo](#) page. This demo is intended to provide you with a visual tour of how our award winning Learning Management System works:
